ABOUT US & OUR SERVICES

TexHive International has been a trusted name in apparel, footwear, and accessories sourcing and manufacturing since **2017**.

From day one, our commitment to transparency and customer service has driven our growth.

We've built a loyal client base and long-term partnerships with reliable manufacturing units, allowing us to deliver high-quality products to global brands and retailers—from raw material sourcing to final packaging.

With a focus on fast turnaround times, competitive pricing, and consistent quality, we address MOQ challenges while ensuring ethical and sustainable practices. We're proud to be a dependable global sourcing partner and sincerely thank our clients and collaborators for their continued trust.

BANGLADESH – THE POWERHOUSE OF APPAREL

DUTY-FREE MARKET ACCESS (HUGE ADVANTAGE)

- EU GSP (Everything But Arms – EBA): Duty-free, quota-free access to all EU countries.
- UK DCTS: Bangladesh enjoys duty-free access under the Developing Countries Trading Scheme.
- Canada & Australia GSP: Also offer zero-duty access to most categories.
- China's DFQF scheme: Allows duty-free access for 97% of tariff lines.
- India, South Korea, and Japan: Offer preferential or duty-free access.

MASSIVE PRODUCTION CAPACITY & SUSTAINABILITY

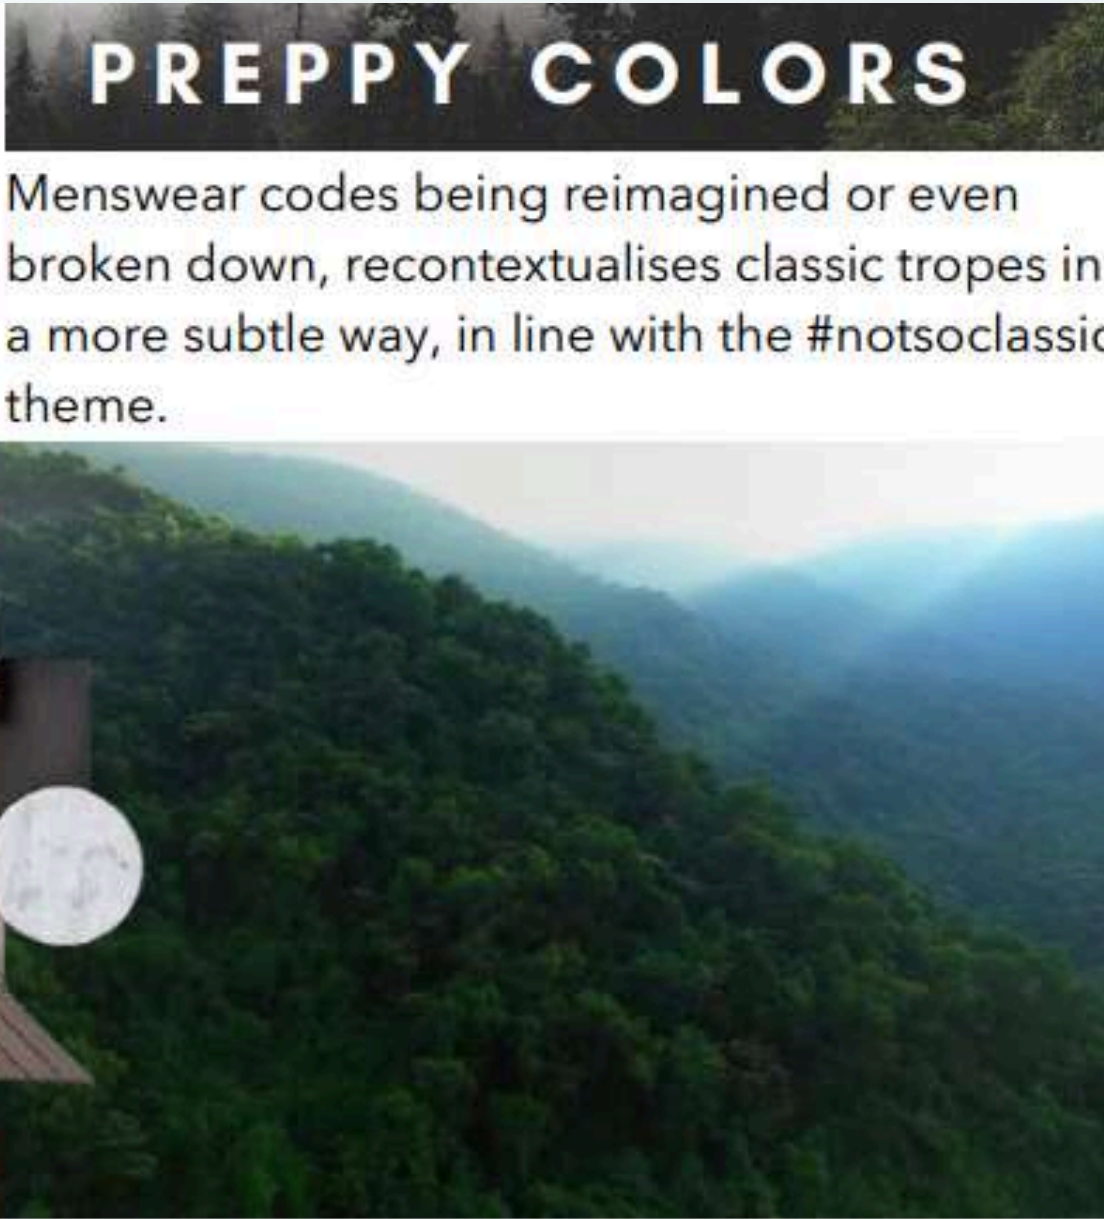

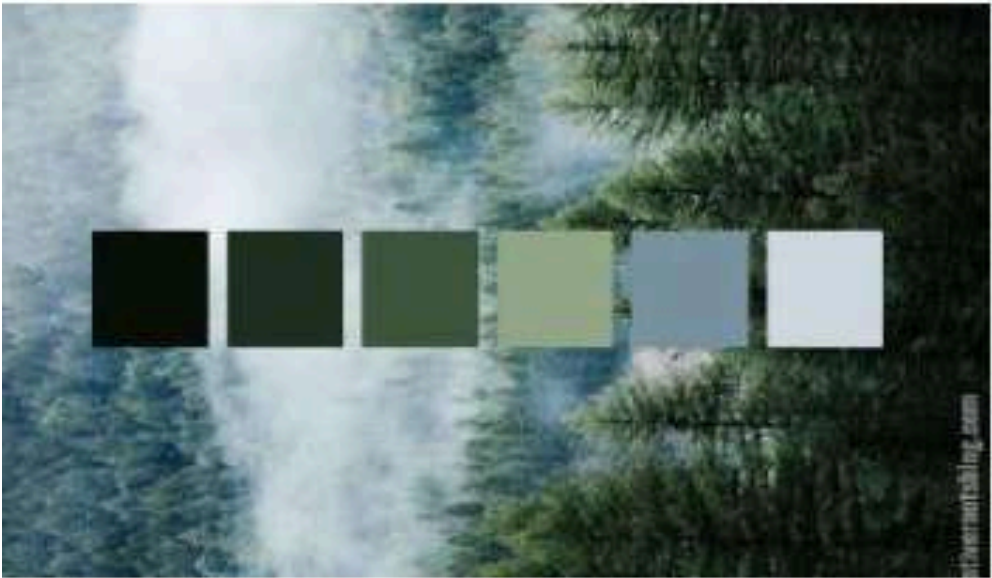

- Bangladesh is the second-largest exporter of RMG globally (after China).
- The country has thousands of compliant factories—ranging from high-volume basic apparel to mid-range fashion.
- It offers shorter lead times for basic garments and is increasingly investing in vertical integration.
- Home to the highest number of LEED-certified green factories in the world (over 200+).

LOW LABOR COSTS

- Labor costs are among the lowest in the world, especially compared to China, India, or Vietnam.
- This allows manufacturers to offer extremely competitive FOB prices, even for labor-intensive categories.

COLOR STORY

PREPPY COLORS

Menswear codes being reimagined or even broken down, recontextualises classic tropes in a more subtle way, in line with the #notsoclassic theme.
